**Re: Child Identity Theft**

**Dear Superintendent,**

**This week is National Consumer Protection Week (“NCPW”). Many times, NCPW focuses on those engaged in consumer transactions, which don’t ordinarily include kids. However, this year we are making a dedicated effort to help protect a vulnerable population when it comes to identity theft – kids! Child identity theft occurs when someone fraudulently uses a child’s identity to fraudulently open accounts or receive benefits. The imposter may be a family member, friend or a stranger and may use the child’s name and Social Security number to open new accounts for cell phones, utilities, credit cards and even mortgages.**

**Imposters may get away with using a child's identity for years because children typically do not try to check or access credit. As a result, child identity theft usually is not discovered until the child applies for college financial aid, a car loan or employment.**

**To help combat this problem, Ohio Attorney General Dave Yost has launched a video aimed at parents to understand what a child security freeze is and how to place a freeze. The video can be found here:**

**<https://www.youtube.com/watch?v=y10sEjOhj8w&feature=youtu.be>.**

**We hope that you will share this video with parents in your district through whatever means you feel are appropriate. Thank you for your cooperation in this matter. We appreciate you helping to protect children from identity theft.**

**Yours,**

**Dave Yost**

Butler County has adopted the Why Try Program for students. This program helps to answer the question "Why should I try in school?" Why Try uses a series of ten visual metaphors to teach vital social, emotional, and leadership principles. The program's unique multisensory approach caters to every learning type. Over 2 million students have participated in this program. This program has produced favorable outcomes in such areas as:

- \* Increased GPA
- \* Increased Graduation Rate
- \* Reduction in Disruptive Behavior
- \* Improved Self-Concept & Emotional Health
- \* Increased Resilience

## TMS Morning Drop Off Procedures

*Talawanda Middle School will open the doors for students at 7:40am. Students can enter the building, take their coats to lockers if needed, and report to the cafeteria for breakfast or first period.*

**When you enter the parking lot, the line of cars should be continuously moving (see image below). If you arrive earlier than 7:30am and need to wait for your student to exit the car, please park in a spot between the basketball hoops. There is plenty of space outside for students to safely keep distant from others while waiting just a few minutes for the doors to open. Please have your student exit the vehicle as soon as you pull alongside/parallel the building (the pink section of the image below). This allows 5-8 cars to drop off at the same time and the line moves significantly faster.**

Be careful to note that the busses will also be entering the parking lot and will need to have the right of way as they attempt to enter the bus drop off lanes in the front of the building.

Thank you for your assistance with this. If everyone follows these procedures morning drop off will move much faster.

**DID YOU KNOW?!?**

## Talawanda School District Health Coordinating Council

We are excited to introduce a wonderful resource to our families! Beginning next week, we will share one section of this Parent Guide each week with the Talawanda community.

### Building Resilient **Families**

As educators, we do our best to help students. But, we have limited tools to impact the challenges they face at home. That's why we developed our guide for parents... **to help them build resilient families.**

### Engaging Tools for Parents

The parent guide is based on the same concepts that make The WhyTry Program and Resilience for Youth so effective.

Now, you can empower parents to teach their children where resilience comes from, and how to access it. They can use simple strategies and fun activities to engage the whole family in the learning process.

To help you implement the parent guide in your community, we also offer training for your team. This training will give you tools to support parents directly, taking a more collaborative approach to developing resilience in your students.

Using the parent guide as a curriculum, you will be able to deliver engaging, activity-driven community events to teach resilience.

To learn more, visit:  
**[ParentGuide.WhyTry.org](http://ParentGuide.WhyTry.org)**

### The **Parent Guide** Includes:

- Resilience-building concepts anyone can use
- Simple strategies for developing resilient families
- Engaging activities that make it fun and easy to learn together
- Audio recordings so busy parents can listen 'on the go'

We hope you find this to be helpful. To preview the guide, visit [ParentGuide.WhyTry.org](http://ParentGuide.WhyTry.org).
