DECLARATION OF INTENT

I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the upcoming school year, and I may decide not to participate without consequence.

I also understand that it is my responsibility to notify my school if I do not gain admission to my selected institution of higher education or choose not to participate in the program.

In addition, I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and the college, and that I understand my responsibilities, the benefits and possible risks of participating in the College Credit Plus program.

Please sign and return this form to the secondary school by **April 1**.

College Credit Plus

1. Policy states that students may only take 30 credit hours under College Credit Plus. This includes both college courses, and any high school courses. Students must turn in a detailed schedule of college courses to their school counselor by the start date of each semester for tracking and attendance purposes.
2. Hours Calculation: 1) Determine student's number of high school ONLY units. 2) Multiply that number by 3. 3) Subtract the result from the number 30. 4) That number is the total number of college credits that CCP students may earn that academic year. Successful completion of a three or more credit-hour college course will result in 1.0 Carnegie unit earned at the high school.
3. Responsibility for transportation rests with the student.
4. If you are a student-athlete, you must remain eligible in accordance with the OHSAA bylaws. To be athletically eligible, students must be passing five, one-credit courses or the equivalent per grading period with the high school and college courses combined. Students must submit their midterm grades to the athletic office to remain eligible.
5. Secondary schools are responsible for providing instructional tools ("books") for their CCP students. Students must pick up and return their textbooks independently from the university bookstore. Textbooks MUST be returned by the end of the college semester.
6. A school district or nonpublic school may seek reimbursement from students/families under the following two circumstances: 1) If the student receives a failing grade at the end of the college course; or 2) If the student withdraws from or drops the college course subsequent to the 14th calendar day after the particular course began, unless the student is identified as being economically disadvantaged.
7. Under Federal and State law, participating male students are required to register for and provide their Selective Service number to the public college within 30 days of their 18th birthday.
8. Students are not allowed to leave early or arrive late to their THS classes.
9. College Credit Plus courses, in the subject area, will satisfy the graduation requirement of American History, American Government, Physical Science and Biology; and the college course grade earned under College Credit Plus will substitute for the end of course exams as follows to quantify student graduation point requirements:

CROSSWALK TO GRADUATION POINTS:

College Credit Plus Grade	Ohio Graduation Points
A or B	5
C	4
D	3
